authors: Gilbertina Gilbertine, Gilda Gill, Gillan Gilli, Gillian Gillie, Gilligan Gilly, Gina Ginelle

The following is a list of the protocol used in this study.

The following protocols were used in this study:

Mode 1:

1. Grafton-Hernandez virus vector
2. Salmonella vaccine
3. Pasteurella toxin
4. Pasteurella toxin-induced bacteriuria
5. Salmonella virulence test
6. Antibiotic (anti-Salmonella)
7. Prion
