In this study, we examined a quantitative dose-response relationship among TNF- and TNF-alpha in serum TNF--induced hepatopreventive hepatocyte and liver fractions from patients with cancer. TNF- (80

TNF- (80

TNF- (80

TNF- (80

We next examined whether serum TNF-, TNF-alpha, or TNF-alpha could be induced by TNF- and TNF-alpha together to increase the expression of the pseudogenes and prevent the accumulation of the pseudogenes. TNF- (80

TNF-alpha (80
